PREFACE.

WE issue the Twenty-second Volume of the NEWBURYPORT DIRECTORY with the earnest hope that it will prove as satisfactory to our patrons as in former years. No pains have been spared to make it as accurate and complete as it is possible for a Directory to be. Changes are constantly taking place, and a reference to the table below will satisfy any one that the work of compiling a directory is no simple task, as there are few of the names that do not change, either in location or occupation.

The most prominent new feature of this number is the introduction of a General Directory of the residents of Amesbury, in addition to the Business Directory of Amesbury, which has had a place in our book before. This is an experiment, and, if it meets with due appreciation and support, will be continued.

To patrons and friends who have given us timely assistance in many ways, we return sincere thanks.

SAMPSON, MURDOCK, & CO.

POCKET MAPS

—OF—

BOSTON

AND OTHER CITIES,

PUBLISHED BY

SAMPSON, MURDOCK, & CO.,

(Formerly Sampson, Davenport, & Co.)

155 Franklin Street, Boston.

PRICE 25 CENTS.

NEWBURYPORT
STREET DIRECTORY,

GIVING the location of the Streets, Places, Parks, Squares, etc., and showing what other streets and places run from them, or across them, with the number at which they intersect, taken from the official records.

From this list, the location of any number on a street, or the location of any public building, can be easily ascertained; as, for instance, wishing to know at what part of Merrimac street No. 183 is located, you look at Merrimac street, on page 12, and find that Tyng street runs from 179, and Oakland street from 199, showing that 183 would come on the left, between Tyng and Oakland.

When a street crosses another, numbers (or ciphers) are given on *both sides;* but when it commences or ends on that street, the number is given only on the side at which it intersects.
